

MycoAlert®

Mycoplasma Detection

Expose The Invisible

20% OFF

Lonza

Definitive Mycoplasma Screening in Under 20 Minutes.

Rapid Results

Accurate detection of mycoplasma in under **20 minutes**.

Simplicity

Straightforward, two-step "add & read" luminescence assay.

High Sensitivity & Broad Detection

Identifies a wide range of mycoplasma species, even at low levels.

Non-Invasive Sample Type

Uses cell culture supernatant, eliminating the need for cell lysis or DNA extraction.

Easy Interpretation

Provides a clear numerical ratio for unambiguous results, simplifying interpretation.

Routine Monitoring

Speed and ease of use make it ideal for frequent, routine screening.

Flexibility

Compatible with a wide range of luminometers.
